

iD LifeStyle 2

Choose How You See the World...

Traditional Lens

iD LifeStyle 2 Lens

iD LifeStyle 2 comes in two different designs, both created for your viewing satisfaction

LifeStyle 2 Clarity lenses will provide comfortable vision wherever you look, with especially wide distance vision.

Clarity is ideal if you are active and require sharp vision, especially when looking in the distance and do not want any limitations when moving around.

Active wearers

Newer progressive lens wearers

People who often drive

iD LifeStyle 2

LifeStyle 2 Harmony lenses will provide the most comfortable vision across all of your viewing areas.

Harmony is the perfect go-to lens if you are often indoors and expect the best possible vision everywhere you look.

Relaxed wearers, requiring the best vision all-around

Experienced progressive lens wearers

Avid readers, those spending many hours computing

Experience the benefits of iD LifeStyle 2

Natural, stable vision

Wider Viewing Zones

Superior Optical Clarity
