Innovation in Spectrum Protection

See the *Colors* of Life®

Exclusively available to
Independent Eyecare Professionals

UV Protection and HEV Blue Light Filtering

Kodak Total Blue Lens is a hybrid of lens material and AR lens coating that delivers excellent vision indoors, outdoors, every single day.

Features:

- Filters up to 80% of High Energy Visible (HEV) Blue Light*
- Blocks 100% of direct UV rays
- Reduces squinting caused by bright outdoor light
- Reduces glare and reflections caused by digital devices, LED lighting and headlights, and energy-efficient compact fluorescent lights (CFLs)
- Helps with object recognition in low-light and night-driving conditions
- Scratch resistant and easy-to-clean
- Clear and polarized options in progressive, single vision and computer lens designs
