

FOG CAN HAPPEN to anyone, anytime

It appears unexpectedly with temperature changes, and it can interrupt your daily life.

CHANGING ENVIRONMENT

Moving from cold to warmer environments

OUTDOOR ACTIVITIES

Playing sports, such as running, cycling or tennis

INDOOR ACTIVITIES

Boiling water, opening the dishwasher, drinking hot beverages or eating hot food

AT WORK

Work environments where precision and safety are critical

New and improved Optifog® lenses stop the fog BEFORE IT STARTS
