Transitions™

ASK ABOUT TRANSITIONS® LENSES FROM ESSILOR.

Transitions Light Intelligent Lenses™ not only darken and lighten as light levels change, they also help filter out Harmful Blue Light* and block UV rays—so you can enjoy every moment, indoors or out.

SEE MORE.
DO MORE.

*Transitions Signature lenses block at least 20% of Harmful Blue Light indoors and over 85% of Harmful Blue Light outdoors. Harmful Blue Light is the blue-violet high-energy wavelengths found between 415-455 nm on the light spectrum believed to be most toxic to retinal cells.
